Bible Notes has been overhauled. Volume Three has been included into the other volumes. Volume One now contains articles 1-150, Volume Two now contains the articles 151-300.

The articles "**Hypercalvinism**" and "**Healing Ministries in the Church Today**" have been moved from "Basic Christianity" to "Modern False Gospels" as this seems like a more logical place for these articles to be.

The books "**Church Leadership**," "**Reformation Required**," and "**Modern False Gospels**" have now all been added to "**The Frustrations of Church**" rather than being separate books.

At the same time, the articles "**Am I An Heretic?**" And "**The Reformation of Preaching**" have been substantially reworked.
